**REQUEST FOR CORRECTED FILING RECEIPT**

The Assistant Commissioner for Patents  
Application Processing Division  
Customer Correction Branch  
Washington, D.C. 20231

Sir:

On the Filing Receipt that we have received for the above-referenced application, the Attorney Docket Number is incorrectly recorded as "GSF98-02-A" whereas the correct Docket Number is "GSF98-02A", with no hyphen between the last two characters. In addition, the correspondence address is incomplete since the

Patent Office has recorded Applicants' Attorney's Customer Number on the first line of the correspondence address instead of the name, "David E. Brook". Finally, the names of the second the third inventors have been omitted.

A copy of the incorrect Filing Receipt is enclosed for the convenience of the Patent Office. On this Filing Receipt, Applicants' Attorney has corrected the Attorney Docket Number; has struck out the Customer Number and added the name of "David E. Brook" to the correspondence address; and has typed in and highlighted the names of the second and third inventors, Robert M. Saller and Brian Salmons.

Enclosed is a copy of page 1 of the Utility Patent Application Transmittal form, which clearly indicates the correct Docket Number and that all correspondence relating to this case should be addressed to David E. Brook. Also enclosed is a copy of the first page of the Specification, which lists the names of all three inventors for this application and also shows the correct Docket Number for this application.

Please revise the Patent Office records to indicate the correct Docket Number, the complete correspondence address, and the names of all three inventors, and issue a Corrected Filing Receipt showing that these corrections have been made. The Patent Office is authorized to charge any fees relating to this matter to Account No. 08-0380. A duplicate copy of this letter is enclosed for accounting purposes.

Respectfully submitted,

David E. Brook  
Attorney for Applicants
